FSM-U115-DISK Series

FEATURES & SPECIFICATIONS

Intended Use: The DISK series of LED flush down-light is an excellent choice for sleek modern new construction applications in which both style and energy efficiency are required. They are an excellent choice for offices, hospitals, classrooms, shopping centers, homes, and other commercial applications requiring low-lighting power density. These LED lights are a superior replacement to typical fluorescent lighting products because of their increased efficiency, longer life, and offer an elegance unmatched by any fluorescent products. These down-lights are compatible with 4" and 5" junction boxes.

Installation: These luminaries are ideal for new construction flush lighting or retrofit applications.

Rating: Damp Location

Warranty: 5 years

Listings: UL & cUL

CRI: 80

View Angle: 100°

Lifetime: 30,000 hours

Fixture Body: Metal Housing with a frosted polycarbonate lens.
